CAPITALISTS HELD UP.

Sixty prominent capitalists and members of stock exchange houses of New York and Boston were held up by Canadian customs officers at Toronto, Ont., Saturday, when they crossed the Canadian line. The travellers were passengers on a special train on their way to inspect silver mining properties in Colorado. After a casual inspection the customs officers at Niagara Falls declared that the amount of wines and cigars on board was excessive, and demanded \$1,500 duty. In spite of assurances that nothing on board was for the private consumption of this party, they would not allow the special to proceed until the commissary car had been officially sealed and all drinkables and smoking materials locked up. The capitalists have appealed to the government. The party went on to Toronto.

THE GAME LAWS.

L. T. Christian, Secretary of the Game Protective Association of Virginia, in his annual warning, just issued from Richmond, tells hunters what birds and game they can hunt and when they can hunt them. Always protected by the laws of Virginia are the mocking bird, thrush, woodpecker, yellow hammer, red bird, meadow lark, night hawk, whippoorwill, gull, crane, vulture and all other non-game birds and their nests. It is unlawful to trap water fowl, to hunt them or muskrats with lights; to use a gun larger than 8-bore to shoot any protected game earlier than one-half hour before sunrise or later than one-half hour after sunset, or to shoot any game on Sunday. It is also unlawful to buy or sell robins, grouse, pheasants, quail, partridge or woodcock at any time.

The open seasons as announced in the warning are as follows: From November 1st to February 1st, turkeys, pheasants, grouse, quail, partridge and woodcock; from October 15th to May 1st, waterfowl; from August 1st to January 1st, summer ducks; from July 20th to January 1st, rails, mudhens, willets and other surf birds; from February 15th to April 1st, robins, and from November 1st to February 1st, rabbits. The supervisors have the authority to shorten or close the season and a warden can arrest without a warrant when he sees a violation.

For interfering with a warden the penalty is from \$5 to \$50.
A non-resident can secure a license for \$10 and carry game out of the State, exposed to view, but cannot freight or express any.

Mr. Christian in his circular says: The propagation of wild imported game birds, quail and pheasants in this State is becoming quite general. There are many plants in Virginia which raise from 10 to 100 pairs of these rare varieties, which are generally used for stocking and should be protected. The quantities of Chinese pheasants in Oregon and Washington, raised from a few birds brought to those states by a citizen a few years ago, illustrates what can be done. The same results can be had in Virginia, as these birds are easily raised, and are profitable as well as pleasant past-time. The legislature last winter wisely passed an act making it unlawful to buy or sell pheasants, grouse, quail or partridges, woodcock and robins, therefore, the market hunter must find a vocation other than that of a common dealer of these birds to agriculturists is becoming recognized. Every state in the union, with a few exceptions, prohibits their being bought or sold. All law-abiding citizens should see that this law is enforced, and remember that the seller is as guilty as the buyer. The evil of the excessive bag should be discouraged. The practice of killing birds as long as they can be found should be classed as an offense against common decency.

DeWitt's Kidney and Bladder Pills are for weak back, backache, rheumatic pains, inflammation of the bladder and all other annoyances due to weak kidneys. They are sold by W. F. Creighton & Co.

For a Sprained Ankle.
A sprained ankle may be cured in about one-third the time usually required, by applying Chamberlain's Liniment freely, and giving it absolute rest. For sale by W. F. Creighton and Richard Gibson.

RESTAURANT HIGH UP.

What is probably the highest restaurant in the world has been opened at the Elmsier station of the Jungfrau railway in Switzerland. It is 10,000 feet above sea level, close to the summit of the mountain. The food is not cooked by means of ordinary fuel, but by electricity generated by the Lutschine waterfall, deep down in the valley below. With an expenditure of thirty kilowatt of electrical energy it is possible to prepare a five course dinner for a party of 100 persons in a short time. The guests are accommodated in a large hall built out of the solid rock and heated by electricity. The view from the huge windows comprises mountain scenery which for grandeur perhaps has no equal in the world.

Good for Billiouness.

"I took two of Chamberlain's Stomach and Liver Tablets last night, and I felt fifty per cent. better than I have for weeks," says J. J. Firestone of Allegan, Mich. "They are certainly a sure article for billiouness." For sale by W. F. Creighton and Richard Gibson. Samples free.
